

*Born in Belfast, Northern Ireland, 1974, studied/qualified Mech Eng. based in Belfast (with large amounts of international travel) until 2010 when the company to which I'm still employed with offered me the opportunity to relocate to Sydney to work in project management, having recently clocked up 20 years' service with the company.*

*Became an Australian citizen in 2014 with dual nationality, Australian and British.*

*Long term partner Nancy moved from her original home town of Orange in 2014 and we spent a very happy 10 years together in Sydney.*

*Recently we have relocated back to Orange (May-24) and are very much enjoying the slower paced lifestyle, family and the many friends we have met in Orange over the last year.*

*Having started working in project management in Sydney I quickly rose through the ranks to my current position of Operations Director for APAC with a remit of Australia/New Zealand, North and South East Asia with direct reporting staff of 20 and indirect reports of approx. 150, covering project management, procurement and Quality functions.*

*Last year I embarked on post grad. Study to which took me down the path way of the Australian Institute of companies directors course based in Sydney, I completed the course with pass grades in all modules and graduate in September 2024.*

*Having researched Duntryleague before joining I noticed on the board of directors requirements for Graduate of the Australian companies directors course, this got my interest up !*

*The course itself is the regulatory body covering acceptance standards for company directors operating within Australia, I found the course fantastic and somewhat honed my director skills to a level that I feel I can offer these skills to the board of Duntry league.*

*I look forward to your support in my nomination*

*Yours in sport.*

*Tim*
